

Alisea / Chair Design / Alessandro Stabile

The Alisea contract seating collection, just like the wind, immediately evokes functional characteristics, such as lightness and essentiality. The airy texture of the metal seat and the visual regularity of the backrest rods recall the fluidity and movement of the wind. This design strongly merges two aesthetic languages

Description

Code: **1406**

Typology: **Chairs**

Collection: **Alisea**

Stackable: 8

Static Load: 200 Kg

Seat Height: 45 cm

Technical Info

Width: **53 cm**

Depth: **55 cm**

Height: **79,5 cm**

Weight: **4.8 Kg**

Static Load: **200 Kg**

Packaging

Packages: **1**

Pieces for pack: **4**

Dimensions: **101x70x62 cm**

Volume: **0.438 mc**

Polyethylene bag and cardboard box

Design / Alessandro Stabile

Materials

Steel

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosio process.

Maintenance: To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.
